## CITY OF NEW YORK

OFFICE OF THE

PRESIDENT OF THE BOROUGH OF QUEENS
120-55 QUEENS BOULEVARD
KEW GARDENS, NEW YORK 11424

To:

February 25, 2020

The Mayor of the City of New York

The New York City Council

Director of the New York City Office of Management and Budget

Queens – the Borough of Families – is the largest borough in the City of New York, and home to 2.34 million New Yorkers. While the needs are diverse and ever-growing, many of these very needs are persistently underfunded and underserved, with troubling disparities relative to the other four boroughs.

Citywide, Queens schools remain the most overcrowded and underfunded. Of the City's entire public school student population, nearly a third is enrolled in Queens schools, yet our kids are terribly shortchanged by receiving the *least* amount of per pupil spending from the City than any other borough.

Queens elders are also deeply shortchanged. The disparity is particularly sharp when we have nearly double the senior population of another borough, yet only half the City's per capita spending compared to that same borough. Nearly a third of the City's seniors reside in Queens, yet our elders receive the *least* amount of per capita spending from the City than any other.

Queens hospitals are under-bedded and overburdened, and any Medicaid cost shifts to the City may have a big impact on Queens. Our two public hospitals, Elmhurst Hospital Center and Queens Hospital Center, have done a remarkable job of enhancing services and public confidence in their care. The borough as a whole, however, currently has only nine acute care hospitals serving 2.34 million residents, and the closures of four hospitals since 2008 have further strained access to healthcare. With a mere 1.66 hospital beds per 1,000 residents, Queens is by far the most underbedded borough in the City.

Pursuant to Section 241 of the New York City Charter, the Queens Borough Board respectfully submits its response to the Mayor's Fiscal Year 2021 Preliminary Budget. In our identified budget and funding priorities, Queens requests some long overdue parity and a fairer share.

Sincerely,

Sharon Lee President

Borough of Queens

#### **Budget Overview**

The Mayor's FY21 Preliminary Budget forecasts a \$5.93 million budget for the Office of the Queens Borough President, a \$107,000 increase from the FY20 Adopted Budget. The authorized Agency headcount remains 54.

Increase the agency budget to better serve the Borough of Queens – Queens is the most ethnically diverse county in the continental United States. This diversity necessitates the office to provide multi-faceted services

The Mayor's FY21 Preliminary Budget allocates the least per capita funding to Queens among the five Borough President offices: \$2.53 in funding per person, as opposed to \$10.17 for Staten Island and \$4.39 for the Bronx. In order to adequately serve the borough, particularly the growing immigrant population that needs more direct services, the Queens Borough Board recommends an increase in the expense budget of the Office of the Queens Borough President in order to expand the scope of services.

## **Community Boards**

Queens' 14 Community Boards are the eyes and ears of government, and are responsible for monitoring services, resolving problems and developing plans for the various neighborhoods in their community districts.

#### **Budget Overview**

The Mayor's FY21 Preliminary Budget forecasts a \$19 million budget for the Community Boards citywide, a \$2.56 million shortfall from the FY20 Adopted Budget.

The 14 Community Boards in Queens serve an increasingly multiethnic and multilingual community. Yet, the Mayor's FY21 Preliminary Budget estimates that Queens' Community Boards receive the lowest per capita support among the five boroughs. Additionally, the 14 Queens Community Boards serve, on average, the most residents per community district: 167,091 individuals, compared to 121,321 in the Bronx and 146,396 in Brooklyn.

Restore funding support to Queens Community Boards — The Community Boards are pivotal to the governance of the City since they serve as frontline service for the residents. The Queens Borough Board recommends restoring funding to FY20 Adopted Budget levels for the 14 Community Boards to maintain services.

Fund the top budget priorities of each Community Board – Each Community Board has outlined budget priorities for their districts through the Register of Community Board Budget Requests. These priorities range from parks improvements to sewer infrastructure upgrades. The Queens Borough Board recommends funding support for the budget priorities outlined in the FY21 Register of Community Board Budget Requests.

## **NYC Department of Education/School Construction Authority**

The NYC Department of Education is the largest municipal public school system in the United States serving over a million students in over 1,700 schools.

## **Budget Overview**

The Mayor's FY21 Preliminary Budget forecasts a \$28 billion budget for the NYC Department of Education, a \$770.61 increase from the FY20 Adopted Budget. The increase is attributed to a \$700.43 million increase in the Personal Service budget.

#### **Borough Overview**

The New York City Department of Education is the largest municipal public school system in the United States, serving nearly a million students grades Pre-K through 12 in over 1,700 schools. Queens is home to the second largest number of public school students in the city. However, class sizes are gradually rising and are now the largest they have ever been in Queens.

The Office of the Queens Borough President first detailed the over-crowding and under-funding issue in a January 2019 report titled 'Feeling the Squeeze: The State of our Overcrowded and Underfunded Public Schools.' In the Mayor's FY21 Preliminary Budget, over-crowding and underfunding still remains pervasive.

Queens still has the highest rate of overcrowding in the entire city. The borough is at 105.5% over capacity equaling 14,190 seats over the capacity. The most overcrowded are elementary schools, which are 8,651 seats over capacity, and high schools, which are 8,681 seats over capacity. Four of the five most overcrowded school districts are in Queens, with District 25 currently operating 5,574 students over capacity, second highest in the city, followed by the third highest, District 26 operating 5,174 students over capacity, the fourth highest, District 24 operating 3,283 students over capacity, and the fifth highest, District 28 operating 3,231 students over capacity.

While Queens' schools are currently significantly overcrowded, the School Construction Authority currently plans for the construction of 55,145 new seats, of which 24,233 are planned for Queens<sup>3</sup> - 9,419 for elementary schools, 8,129 for PS/IS schools, and 6,685 for high schools. Once the proposed seats have been fully created, our elementary schools will no longer be overcrowded. However, high schools and IS/HS will remain overcrowded.

However, the need for expense funding remains. Despite having nearly the same amount of students as Brooklyn, Queens' public school students have the lowest per pupil spending in the entire city. Additionally, the top three lowest per pupil spending school districts are found in Queens, School Districts 26, 28, and 25, with District 26 the lowest per pupil spending of \$19,707, District 28 the second lowest with a per pupil spending of \$20,864, and District 25 the third lowest with a per pupil spending of \$20,951<sup>6</sup>.

<sup>\*</sup>This year's Per Pupil Spending now includes funding towards Instructional Support, unlike previous years that only included General Education funds.

When observing Per Pupil Spending by school grade type for the school's total budget, Queens schools have the lowest Per Pupil Spending for K-6 schools, 5-9 schools, and 6-12 schools, and 9-12 schools.

A significant portion of the school's total budget is comprised of the City's Fair Student Funding. When observing Per Pupil Spending by school grade type for the school's Fair Student Funding amount, Queens' schools have the lowest Per Pupil Spending for every school level. Six of the ten school districts with lowest Per Pupil Spending in relation to the school's Fair Student Funding allocation amount is in Queens, with District 26 being the lowest with a per pupil spending of Fair Student Funding at \$9,139, District 25 the fourth lowest at \$9,750, and District 28 the fifth lowest at \$9,8729.

<sup>\*\*</sup>D75 students are not included as their funding formula is calculated differently.

Dedicate capital funds for the construction and expansion of high schools — The Queens Borough Board recommends increased capital investments in order to acquire and build new high school seats to address the overcrowding of high schools in Queens.

*Increase expense funding for Queens Schools* – The Queens Borough Board recommends reforming the Fair Student Funding formula in order to equalize per pupil spending across the city.

Increase the number of child care and Head Start sites in Queens – The Queens Borough Board recommends an increase in funding for EarlyLearn NYC in order to increase the number of sites and slots of center based programs to meet the growing need of subsidized child care for the neediest of families.

*Continue City Council Initiatives* – The Queens Borough Board supports the continuation of City Council Initiatives.

## **NYC Department for the Aging**

The Department for the Aging serves to support the growing and increasingly diverse, older adult population in New York City.

## **Borough Overview**

Queens is experiencing a rapid growth in its aging population. Queens is currently home to 301,039 adults over the age of 65, second only to Brooklyn with a population of 303,354. Nearly 60% of these residents are foreign-born and 38% are Limited English Proficient<sup>11</sup>, and the programs offered by Queens senior service providers are uniquely tailored to serve our diverse population.

However, while Queens' older population represents almost a third of New York City's older population, the Mayor's FY21 Preliminary Budget allocates the least amount of funds for Queens. The difference is stark. Queens receives only 18.93% of the total funding while the Bronx, with half of the older population of Queens, receives 19.34%. Queens receives only \$280.59 per capita; the second lowest per capita spending is Staten Island at \$449.73.

#### Recommendations

*Increase funding for senior services* – The Queens Borough Board recommends increasing services and funding for senior programs in order to better support the older adults of Queens.

Restore Senior Services – Borough President Discretionary Funding – The five Borough Presidents have historically received \$4.10 million in discretionary funding through the City Council to support senior centers throughout New York City. In the FY20 Adopted Budget, \$2.97 million of those funds were baselined by the City while the City Council made a \$1.13 million funding restoration. The Queens Borough Board recommends that the City Council restore these funds in FY20.

Expand Home Delivered Meals to award organizations that provide culturally sensitive meals – The aging population in Queens has deep ties to their cultural origin, and providing meals that are sensitive to these needs are important. The Queens Borough Board recommends increasing funding for Home Delivered

Meals that will directly fund local organizations that provide specific culturally sensitive home delivered meals and, upon program completion, decide whether or not to expand this service and include it in the Home Delivered Meals Request for Proposal renewal.

*Continue City Council Initiatives* – The Queens Borough Board urges the continuation of key City Council discretionary funds and initiatives for senior services.

## **NYC Administration for Children's Services**

The Administration for Children's Services helps protect and advance the interests of children. The Agency investigates allegations of child abuse, supports preventative services to families and children, provides foster care and adoption services for the children, and administers early childhood education programs through the Division of Child Care and Head Start.

## **Budget Overview**

The Mayor's FY21 Preliminary Budget forecasts a \$2.7 billion budget for the NYC Administration for Children's Services, a \$4.77 million shortfall from the FY20 Adopted Budget. Programmatic funding for Child Care Services and Secure Detention are both funded significantly less than the FY20 Adopted Budget.

## **Borough Overview**

The NYC Administration of Children's Services now largely focuses on child welfare programs. However, the Mayor's FY21 Preliminary Budget currently forecasts \$4.78 million less for Foster Care Services and \$3.64 million less for Protective Services from the FY20 Adopted Budget.

The NYC Administration for Children's Services also provides subsidized child care through the EarlyLearn NYC program for children and families below 200% of the Federal Poverty Line (the Federal Poverty Line is \$21,720 for a family of three, \$26,200 for a family of four)<sup>12</sup> serving nearly 100,000 infants (age 12 months and under), toddlers (age 13 months to 35 months), pre-school (age 36 months to 59 months), and school age (age 59 months and older) children. In 2014, the City initiated Universal Pre-Kindergarten through the NYC Department of Education, providing early childhood education for all children between the ages of four and five regardless of income. Combined with EarlyLearn NYC, care for a majority of children between the ages of four and five are covered. However, despite the successes of EarlyLearn NYC and Universal Pre-Kindergarten, there are a significant number of families whose needs are unmet, particularly in Queens. Starting in 2017, the City also launched 3-K for All. providing full day childhood education for three year olds. However, voucher based child-care still remains with the agency and is currently underfunded by \$19.76 million in the Mayor's FY21 Preliminary Budget.

#### Recommendations

Restore funding for Foster Care Services and Protective Services – The Queens Borough Board recommends that funding for Foster Care Services and Protective Services be restored to FY20 Adopted Budget levels.

*Increase the number of Child Protective Specialists* – The Queens Borough Board recommends increased funding to not only hire more personnel, but experienced specialists, and institute programs to retain and train new specialists.

*Increase funding for Child Care Vouchers* – The Queens Borough Board recommends increasing funds for child care funding vouchers for low-income families.

*Continue City Council Initiatives* – The Queens Borough Board supports the continuation of City Council Initiatives.

## **NYC Department of Youth and Community Development**

The Department of Youth and Community Development promotes and supports the development of healthy, educated youth who are involved in their communities, prepares youth for economic independence by providing education and skills training needed in the workplace and employment opportunities, and strengthens and revitalizes the communities in New York City. The Department of Youth and Community Development allocates funding through contracts for youth programs in areas such as education, the arts, recreation, leadership development, delinquency prevention, substance abuse prevention, runaway and homeless programs, and summer jobs.

#### **Budget Overview**

The Mayor's FY21 Preliminary Budget forecasts a \$766.99 million budget for the NYC Department of Youth and Community Development, a \$188.86 million shortfall from the FY20 Adopted Budget. Several program areas are funded less than the FY20 Adopted Budget. Programmatic funds for Out-of-School Time, which includes all COMPASS and SONYC programs, is budgeted at \$328.83 million, \$18.01 million less than the FY20 Adopted Budget. The budget also excludes funds for summer SONYC programs, which was funded \$15 million in the FY20 Adopted Budget. Programmatic funds for Summer Youth Employment is budgeted at \$129.02 million, \$29.36 million less than the FY20 Adopted Budget. These funds support

70,000 slots, and it currently excludes the 5,000 slots that were negotiated by the City Council at budget adoption.

#### **Borough Overview**

Queens is home to more than 233,000 residents between the ages of 10 and 19<sup>13</sup>. The after-school and personal development programs that the City provides are crucial to the development of social, leadership, and professional skills. The primary after-school programs offered by the City are the Comprehensive Afterschool System of NYC (COMPASS), which includes the middle school after-school program School's Out NYC (SONYC), and the Beacon Program.

Queens is home to the second highest number of youth aged 10 and 19, 44,238 more than the Bronx which has the third highest number of youth. Yet, out of the 1,767 program sites throughout the city, only 322 of those sites are located in Queens, representing just 18.22% of the total number of sites and only 18.77% of the total funding. Queens is funded \$82.55 million less than Brooklyn.

### Recommendations

Restore funding for Summer Youth Employment – The Queens Borough Board recommends that funding meet FY20 Adopted Budget levels.

*Increase funding for the Beacon program* – The Queens Borough Board recommends that funding levels for the Beacon Program be increased in order to increase access to these programs throughout the borough.

Fund Universal After School for Elementary Schools — The City currently funds universal after school for middle schools. However, after school programs are just as imperative, if not more, for elementary school students. Queens Borough Board recommends that the City funds a universal after school program for all elementary schools.

*Increase funding to cover more COMPASS NYC sites in Queens* – The Queens Borough Board recommends that more programs be awarded throughout Queens to ensure that every community has access to these programs.

Restore funding for SONYC NYC summer programs – The Borough Board recommends that the funding levels for SONYC Summer meet the funding level to match the FY20 Adopted Budget.

Increase funding for additional staff tasked with executing discretionary funding contracts – The Borough Board recommends an increase in funding for additional staff to be able to execute discretionary contracts more timely.

Restore funding for Adult Literacy – The Borough Board recommends that the funding levels for Adult Literacy meet the funding level to match the FY20 Adopted Budget

*Continue City Council Initiatives* – The Borough Board supports the continuation of City Council Initiatives.

## **NYC Department of Health and Mental Hygiene**

The Department of Health and Mental Hygiene is charged with providing adequate health care services.

## Borough Overview

One of the most significant challenges facing Queens is access to healthcare. Since 2008, Parkway Hospital, Mary Immaculate Hospital, St. John's Queens Hospital, and Peninsula Hospital have closed, a loss of more than 840 beds and thousands of highly trained professionals. Queens was already underbedded and underserved, but these closures have further strained an already overburdened system.

Queens now has nine acute care hospitals throughout the borough responsible for serving 2.3 million residents. The borough has two municipal hospitals: Elmhurst Hospital Center and Queens Hospital Center. Major capital investments towards the expansion of Queens Hospital Center and the renovation Elmhurst Hospital Center have improved services and changed the perception of public hospitals in the communities they serve. The other seven hospitals are voluntary and are part of major, multi-facility health systems. They are Jamaica Hospital and Flushing Hospital, part of the Medisys Health Network, Forest Hills Hospital and Long Island Jewish Medical Center, part of the Northwell Health System, Mount Sinai Hospital of Queens, New York Presbyterian – Queens, and St. John's Episcopal Hospital South Shore.

Together, these nine hospitals serve the entire borough. However, Queens is the most under-bedded borough in New York City. There are only 1.66 beds per 1000 patients in Queens, compared to 5.67 in Manhattan and 2.61 in the Bronx. In addition, emergency departments are increasingly being used as a source of primary care, significantly burdening hospitals, as evidenced by the wait times and admittance times of the emergency departments of Queens hospitals.

Increase Expense and Capital funding support for Queens' HHC Hospitals – The Queens Borough Board recommends increased expense and capital funding support to Elmhurst Hospital and Queens Hospital Center in expanding their capacity.

Funding for HHC operated Article 28 free standing healthcare facilities — The Queens Borough Board recommends increasing partnerships with community based Article 28 free standing healthcare facilities in order to alleviate emergency department burdens in Queens hospitals.

*Continue City Council Initiatives* – The Queens Borough Board supports the continuation of City Council Initiatives.

## **Fire Department**

The New York Fire Department serves as the city's first responders to fires, public safety and medical emergencies, disasters and terrorist acts. The Department advances safety through its fire prevention, investigation and education programs. The timely delivery of these services enables the Department to make significant contributions to the safety of New York City and homeland security efforts.

Reopen Engine 261 in Western Queens – The population of western Queens is increasing rapidly with thousands of new apartments, new business centers and major attractions. The addition of so many new residents, workers, and visitors to the area requires the proportional increase in services. However, Engine 261 in Long Island City was closed in May 2003. The Queens Borough Board recommends that funding be allocated to reopen Engine 261 in order to service this growing community.

Create a Rockaway Peninsula Ladder Company – The Rockaway Peninsula continues to increase its population as a result of the on-going construction projects currently underway and planned for the future. Space is available for a ladder company in the quarters of E-266 located at Beach 92<sup>nd</sup> Street and Rockaway Beach Boulevard. Currently, when fires and emergencies occur on the peninsula, other ladder companies are relocated to cover the area. The Queens Borough Board recommends that funding be allocated to create an additional ladder company that would cover the Rockaway Peninsula and neighboring Broad Channel.

Expand the first response station in Roosevelt Island – Currently, when fires occur on the island, other ladder companies are oftentimes relocated to cover the area. The Queens Borough Board recommends that funding be allocated to expand the first response satiation to make sure it is fully equip to respond to fire emergencies in Roosevelt Island.

## **NYC Police Department**

The New York Police Department is charged with enhancing the quality of life of our residents by working in partnership with the community to enforce the laws, preserve peace, reduce fear, and produce a safe environment.

## **Borough Overview**

SATCOM Queens North and South continue their strong efforts to address crime, despite a reduction in personnel over the years. Due to its large land area and physical distance between precincts, and due to the predominantly residential nature of the borough, officers are often required to cover large distances to address crime and quality of life issues. While overall crime incidents in Queens North slightly went down, incidents of robbery and felony assault noticeably increased and grand larceny of automobiles had a significant decrease of 8.7%. Queens South saw a 1.7% increase in overall crime with the highest increases in rape of 24%

Expedite the creation of the mobile command center for Flushing Meadows Corona Park Sub-Precinct - The Borough President allocated \$2 Million dollars in FY18 for a mobile command center and equipment for Flushing Meadows Corona Park. The activity in Flushing Meadows Corona Park is only second to Central Park, and spans six Community Boards. Given its size and difficulty navigating the park, and urgent need for a dedicated sub-precinct, the Queens Borough Board recommends expediting its creation.

Ensure that the 116<sup>th</sup> Precinct is built out in a timely fashion – The Queens Borough Board had advocated for the creation of the 116<sup>th</sup> Precinct for many years. The Borough Board recommends that the City expedite the build-out of the 116<sup>th</sup> Precinct in order to serve residents adequately.

Provide additional Neighborhood Coordination Officers –The Neighborhood Coordination Officers serve as the first point of contact between the police and the community, significantly bettering coordination and engagement with the community when addressing and preventing criminal activities. The Queens Borough Board recommends increasing Neighborhood Coordination Officers for each precincts.

# **Department of Sanitation**

The Department of Sanitation is currently the world's largest, collecting over 10,500 tons of residential and institutional refuse and 1,760 tons of recyclables per day. The City's businesses, whose waste is collected by private carting companies, generate another 13,000 tons of refuse each day. The Department ensures that our communities are clean and livable, and protect our quality of life.

*Increase cleanup of major commercial corridors* – The Queens Borough Board recommends more funds be dedicated to the cleanup of major commercial corridors in Queens, including more street sweepings, particularly those that do not have a dedicated Business Improvement District.

Increase garbage and recycling pickup throughout the borough – The Queens Borough Board recommends additional funds be dedicated to increasing the number of garbage and recycling pickups throughout the borough. The Borough Board further recommends the budget include funds to combat illegal dumping found prevalent throughout parts of the borough.

# **NYC Department of Housing Preservation and Development**

The Department of Housing Preservation and Development is tasked with promoting housing equality, sustaining viable neighborhoods, and creating and preserving affordable housing throughout the city. Throughout the economic crisis, the Department of Housing Preservation and Development has been responsible for helping mitigate the impacts of the housing and foreclosure crisis.

## **Budget Overview**

The Mayor's FY21 Preliminary Budget forecasts a \$1 billion budget for the Department of Housing Preservation and Development, a \$19.83 million shortfall from the FY20 Adopted Budget.

## **Borough Overview**

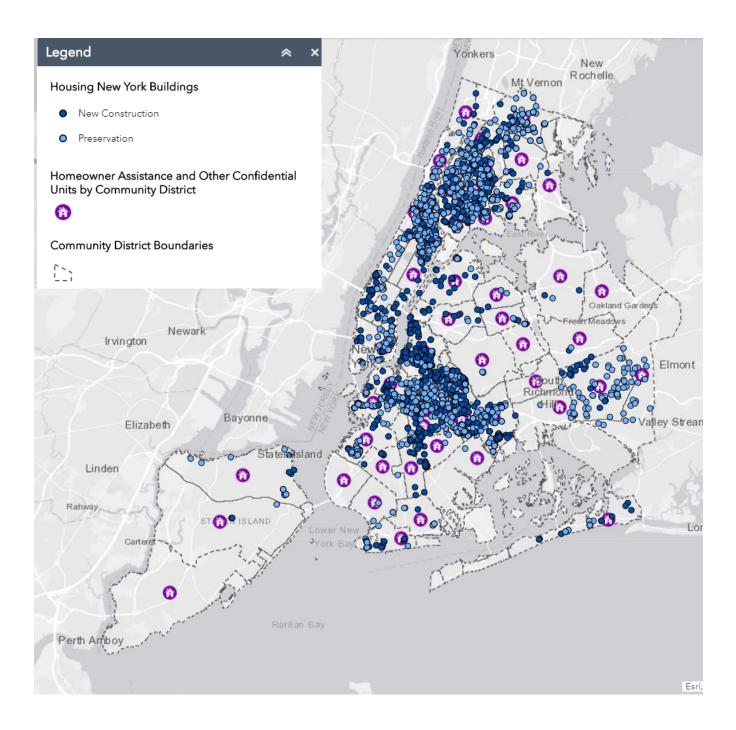

Queens has a diverse and sound housing stock that attracts families with children, young adults and seniors. Approximately one quarter of all housing units in New York City are in Queens. The borough's housing stock is a mixture of mostly one and two-family homes and mid-rise apartment buildings with a concentration of a few higher-density apartment buildings. The higher-density apartment buildings are generally found in western and central Queens while lower density homes are found throughout the borough, with higher concentrations in the eastern and southern parts of the borough.

The population growth in Queens is quickly outpacing accessible housing stock in Queens. Queens is already home to some of the most overcrowded communities in the entire city. Community District 4 is the most severely crowded Community District in the city and Community District 3 is the second. Already, Queens has the highest percentage of severely rent burdened households among low-income households<sup>18</sup>. At the same time, the rapidly growing aging population is left with few options for quality senior housing.

Since *Housing New York* was launched with the goal of building and preserving 200,000 units of affordable housing, 147,933 units of affordable housing have been constructed or preserved. However, Queens remains the least funded, with only 15,256 units, compared to 42,485 in the Bronx and 43,046 in Brooklyn<sup>19</sup>. This gap is compounded by the fact that under the previous administration's *New Housing Marketplace Plan*, of the 157,230 units of affordable housing created, only 16,530, or 10.5%, were in Queens<sup>20</sup>.

# New Construction and Preservation (1/1/2014—12/31/2019<sup>21</sup>)

Create and preserve more affordable housing in Queens – The Queens Borough Board recommends the increased investment in affordable housing preservation and development in Queens to match the growth and need of the borough, particularly to meet the need for affordable housing dedicated to a rapidly growing senior population.

Continue housing support services to residents in the areas impacted by Hurricane Sandy – The Queens Borough Board recommends the continuation of programs that target the areas impacted by Hurricane Sandy.

# **Department of Transportation**

The Department of Transportation is tasked with providing a safe and efficient environment for people and goods to travel throughout New York City through the maintenance and enhancement of the City's transportation infrastructure.

#### **Budget Overview**

The Mayor's FY21 Preliminary Budget forecasts a \$1.12 billion budget for the Department of Transportation, a \$15.8 million increase from the FY20 Adopted Budget.

## **Borough Overview**

The Borough of Queens has the largest landmass of the five boroughs. The borough is serviced by 12 subway lines, with 78 subway stops that reach from Western Queens to Flushing/Jamaica, and down into the Rockaways. Of these stops, Flushing-Main St. had the highest annual ridership in 2018 at 18.7 million rides, 10<sup>th</sup> highest in the city and the highest outside of Manhattan, followed by 74<sup>th</sup> St Broadway/Jackson Heights-Roosevelt Avenue at 17.09 million rides, 13<sup>th</sup> highest in the city and the second highest outside of Manhattan, and Jamaica Center/Parson Blvd/Archer Avenue at 11.6 million rides, 26<sup>th</sup> highest in the city and the fifth highest outside of Manhattan<sup>22</sup>.

The borough is also serviced by 89 local route buses, 31 express route buses and 4SBS route buses run by two different bus companies, the MTA Bus Company and New York City Transit. The local buses Q10, Q44, and Q27 had the highest ridership at 9.5, 9.1 and 7.3 million respectively.

There are numerous transportation issues in Queens, but they all stem from the inadequate transit infrastructure of both mass transit and the roadways. Queens' transportation infrastructure was designed piecemeal over time to meet burgeoning needs and its capacity has now been surpassed. The highest trafficked subway and bus stations are regularly overcrowded, and large parts of the borough, particularly eastern Queens, remain public transit deserts.

## Recommendations

Increase the number of slow zones, install more pedestrian and countdown crosswalk signals—Queens had one of the highest numbers of pedestrian fatalities and hit-and-run instances in past several years. In order to mitigate this dangerous trend, the Queens Borough Board recommends the increase of capital funds in order to expand the number of slow zones, install additional pedestrian countdown crosswalk signals, and increase police presence on high traffic corridors.

Increase capital funds to resurface streets, sidewalks and curbs – The Queens Borough Board recommends increasing and including capital funds dedicated to resurfacing and repaving the borough's key thoroughfares, streets, sidewalks and curbs.

The FY20 Preliminary Budget forecasts all Queens libraries to be open six days per week. Currently, only 3% out of the 62 Queens community libraries are open seven days a week – Flushing Library and Jamaica Library. This is compared to the 8% out of 65 that are open seven days a week in the Brooklyn Public Library system and 8% out of 88 that are open seven days a week in the New York Public Library system.

*Increase expense funding support to provide expanded seven-day service* – The Queens Borough Board recommends that the City include additional funding so that more branches can provide seven day service.

*Increase capital funding support for Queens Borough Public Library* – The Queens Borough Board recommends increasing capital funding from the City to support the maintenance and infrastructure needs of Queens Library.

# **NYC Department of Cultural Affairs**

The Department of Cultural Affairs provides support, advocacy, and technical assistance to the city's cultural community to ensure that the arts remain a central feature of civic and economic life in the city. The Agency funds a portion of operating support for the city-owned Cultural Institutions Group, as well as funding non-profit organizations through the Cultural Development Fund.

### **Borough Overview**

Queens possesses one of the richest concentrations of cultural institutions in the world. The arts and cultural community is thriving in the Borough of Queens, and much of this success is due to the ethnic diversity found within its borders. Queens is the most ethnically diverse borough in New York City, and the most diverse county in the nation. It is this diversity that has spurred the creation of artistic gems unique only to Queens, significantly contributing to New York City's offerings as a cultural hub for the global community.

However, many of these Queens institutions still lack adequate funding to provide high quality programs to an ever-changing and ever-growing borough. These organizations not only face tight program budgets, but also tight operating budgets due to high insurance rates and, in many cases, high commercial rents. Admissions and ticket sales cover only a small portion of operating expenses, while foundation, corporate, state, and federal grants cover a little more. All of our institutions and organizations rely on basic funding provided through the New York City Department of Cultural Affairs.

However, the per capita support from the Department of Cultural Affairs for Queens is lower than every other borough. Queens' members of the Cultural Institutions Group receive \$2.41 per capita, compared to \$5.42 for Brooklyn and \$8.66 for Staten Island.

Increase funding for cultural organizations in Queens – The Queens Borough Board recommends an increase of funds for each of the borough's Cultural Institutions Group, an increase in the number of Queens organizations funded through the Cultural Development Fund, and increased funding for the Queens Council on the Arts.

# **NYC Department of Parks and Recreation**

The Department of Parks and Recreation oversees the maintenance of approximately 29,000 acres of land that includes parks, recreational facilities, playgrounds, beaches, and athletic fields. The Agency also looks after 650,000 street trees and two million trees in the park, and provides recreational and athletic programs, concerts, sports events, and cultural festivals.

#### **Budget Overview**

The Mayor's FY21 Preliminary Budget forecasts a \$545.27 million budget for the Department of Parks and Recreation, a \$41.93 million shortfall from the FY20 Adopted Budget. The total budget for Queens Operations is \$43.15 million while the total budget for Queens Recreation is \$4.43 million.

#### **Borough Overview**

Queens has the highest parkland acreage of any borough. The 7,272 acres of parkland are situated in 464 parks, playgrounds, triangles, and malls throughout the Borough's 14 community boards. This includes the flagship Flushing Meadows Corona Park and 127 acres of Jointly Operated Playgrounds adjoining schools. Other notable parks include Forest Park, Kissena Park, Cunningham Park, Alley Pond Park, Baisley Pond Park, Roy Wilkins Park, Idlewild Park, and Rockaway Beach. The current number of Maintenance and Operations personnel is insufficient for the large amount of park acreage in Queens.

#### Recommendations

Increase the number of personnel in Queens – The Queens Borough Board recommends increasing the number of Park Enforcement Patrol Officers and Maintenance and Operations personnel in Queens in order to maintain a safe and clean environment in our parks. The Queens Borough Board also requests the information on how the number of Park Enforcement Patrol Officers in each borough was determined, including the 80 Park Enforcement Patrol Officers that were funded through negotiations with the City Council at Budget adoption.

*Increase funds for street tree pruning* – The Queens Borough Board recommends increasing funds to allow more trees in neighborhoods to be pruned.

*Increase capital funding support for Queens parks* – The Queens Borough Board recommends increased capital funding to support parks throughout Queens.

Provide capital funding support for the restoration of the New York State Pavilion – The Queens Borough Board recommends allocation of capital funds for Phase II of the New York State Pavilion restoration project.

Provide capital funds to alleviate flooding problem in Flushing Meadows Corona Park – Flushing Meadows Corona Park has been experiencing perennial flooding for decades. The Queens Borough Board recommends providing capital funds in order to address this long standing issue.

# **NYC Department of Small Business Services**

The Department of Small Business Services Is tasked with providing support to our small businesses, fostering neighborhood development, and linking employers with a qualified workforce.

## **Borough Overview**

The Queens local economy continues to be a major economic engine for the city. Queens currently has the lowest unemployment rate in the State, at 2.7%<sup>25</sup>, with two-thirds of Queens' businesses having less than five employees, more than 80% of businesses having less than ten employees, and over 35 businesses having 1,000 or more employees<sup>26</sup>.

No single ethnic group or nationality dominates the borough's businesses composition. Instead, while some neighborhoods reflect a certain ethnic majority, most of the borough's communities are an eclectic mix of cultures, reflecting the many immigrants that have come to Queens from across the world. These

immigrant communities support the Queens economy through the enterprises they start and their strong and influential international connections.

Small businesses continue to be a primary driver of economic growth in Queens. While small businesses may not generate as much revenue as large corporations, they are a critical component and a major contributor to the strength of the local economy. In Queens, small businesses present new employment opportunities for a growing and unique employment base, bringing growth and innovation to communities where the businesses are established. Small businesses in the borough foster an entrepreneurial environment by attracting talent who invent new products or implement new solutions for existing challenges.

The Department of Small Business's Business wide range of Business Development services, which includes NYC Business Solutions Centers, Business Solutions Hiring & training, Business Express, Microenterprise programs, and other key programs, is funded \$9.26 million less than the FY20 Adopted Budget. In addition, the Business Acceleration Team, one of the Department's primary direct support programs for small business owners, is funded \$269,000 less than the previous year, stemming from a headcount reduction from 29 to 25 positions. Support programs that help small businesses survive and thrive need to be expanded, not reduced.

## Recommendations

Restore funding for Business Acceleration Team and Business Development Programs – These programs are critical services for the growth of small businesses, and the Queens Borough Board recommends the restoration of these positions and funds.

# **Department of Buildings**

The Department of Buildings is tasked with regulating the lawful use of over one million buildings and construction sites across the five boroughs. With a focus on safety, service, and integrity, the Department of Buildings enforces the City's Construction Codes, Zoning Resolution, and the New York State Multiple Dwelling Law.

| 8  | Marie Adam-Ovide | CB8          | Top 3 priorities are infrastructure. DOT must act faster and repair sidewalks. Have been waiting for a list from DOT for the sidewalks. More money to libraries especially now that the census will be completed online. Full time inspector for DOB for CB8.   |
| 9  | James McClelland | СВ9          | Community Jail will impact the community. Schools need to be fully equipped to provide a quality education. Improved lighting along Jamaica Avenue. Funding for pruning at Forest Park. Richmond Hill Library needs to be fully funded.   |
| 10 | Karyn Petersen   | CB10         | Support for all capital priorities. Flooding mitigation is needed in the community board. Additional Argus cameras. Only have one senior center in the Community Board, would like to have more centers to serve the senior community. Resort World keeps growing therefore more NYPD officers are needed to keep community safe.   |
| 11 | Joe Marziliano   | CB11         | Supports adding funding for more senior centers, they only have 3. Funding for improving playgrounds in the community. Need for a curb contract. Number one capital priority is the upgrade the bicycle lane on Northern Blvd. to a green way.  |
| 12 | Yvonne Reddick   | CB12         | Infrastructure projects from 1986 still not completed. CB12 continues to get more individuals in their shelter(hotels) they have 8 sites. DOB needs more inspectors. Dumping is a major problem in the district that needs to be addressed. Additional housing for seniors is needed.   |
| 13 | Mark McMillian   | CB13         | Expense funding for schools. A HS has a pool but there is no swimming program in the school but outside group has a program there after school. Schools need to be held accountable to Community Boards. Parks need to be able to utilize the equipment they have but sometime they don't have the staff. NYPD special truck enforcement unit. Implementation of the illegal signs law. |

| Priority | Request   | Responsible Agency                        | Agency Response   |  |  |  |
| 1        | Increase Monitoring of Air & Noise Quality in CD 1  | Department of Environmental Protection    | DOHMH partners with Queens College to conduct the New York City Community Air Survey (NYCCAS), which measures air pollution at roughly 150 locations in New York City. This program studies how pollutants from traffic, buildings boilers and furnaces, and other sources impact air quality. NYCCAS monitors pollutants that cause health problems such as fine particles, nitrogen oxides, elemental carbon (a marker for diesal exhaust particles), sulfur dioxide, and ozone. This effort helps the City improve air quality policies and enforcement. |  |  |  |
| 2        | Provide a platform mat that rolls out for a ADA access to the Great lawn in Astoria Park.   | Department of Parks and Recreation        | The agency recommends funding this expense budget request in FY 2021, but at this time the availability of funds is uncertain.  |  |  |  |
| 3        | Increase manpower for cleaning and maintenance of catch basins in CD1 Boundaries.   | Department of Environmental<br>Protection | The agency will accommodate this issue within existing resources.   |  |  |  |
| 4        | Study land use and zoning to better match current use or future neighborhood needs. Comprehensive study done to determine the best complementary uses suitable to the infrastructure and neighborhood on and adjacent to Northern Blvd. | Department of City Planning               | More information is needed from the community board before making a decision. The community board should contact the DCP Borough Office   |  |  |  |

| 5 | Upgrade Fire Dept. Equipment - Permanent Generators in Each Fire House in CD 1 to aid FDNY and the community in the time of an emergency. | Fire Department                                     | Emergency generators are being installed throughout firehouses on a yearly basis, priority established by Fire Operations, funding is reliant on Federal Grants.  Repairs and upgrades to facilities must be scheduled carefully so overall (and local/neighborhood) emergency response operations are not negatively impacted. Additionally, these requests must be prioritized so more critical issues (e.g., health and safety or operational response issues) are addressed first. We repair all facilities as resources and priorities allow. |
